

## School Reach Message 4-17-2020

Parents,

Governor Pritzker has announced today that schools will be shut down and continue in remote learning for the rest of the school year. We will be working to organize another drop off and packet pick up for those families who need paper copies. We will be working out the details for the rest of the school year and we will get an additional information to you as soon as we can. If you or your child need assistance with the assigned work, emotional support, meals, or anything at all, please contact someone from the school. This could be your child's teacher, the building principal or contact me at 656-3323, again my number is 656-3323. All staff members' emails are located on the district webpage if you need to contact someone via email. The survey for meals is still on the district webpage if you need meal assistance.

This is not the school year that any of us imagined, but I want to thank you for your patience and understanding as we have dealt with this situation together. It's important we continue to work together and support our students. I can't thank you enough for all that you are doing as we all work together through this.

Donna Veile
