

Parents:

In an effort to assess student needs during this unplanned shut down, please complete the online survey if you are in need of help with providing a meal to your child. The survey is located on our school webpage. If you don't have internet access and are unable to complete the survey, please call me at the district office. That number is 656-3323, again 65-3323..

Teachers have prepared materials that will allow students to stay engaged in their education, this mandatory shutdown. Several JH/HS teachers have posted these materials on Google Classroom, for your child to access. For those classes not posted to Google Classroom, students without a device, and families without internet paper copies will be available to pick up. JH and HS parents, please check your student's scheduled to know ahead of time their 3<sup>rd</sup> quarter classes. This will ensure you pick up the correct packet. These are available for pick up on Tuesday and Wednesday from 9:00-2:30 at the HS building. The grade school packets will be at the grade school building during the same time, Tuesday and Wednesday from 9:00-2:30.

If you are wanting to pick up a packet and are unable to during these times, please call the school building your child attends and press 1 to leave a message for the principal. As a district we are trying to navigate through a very unique situation the best we can. I appreciate your patience as we try to support our students learning and families in need during this time.

In Education,

Donna Veile
